

MEDICARE FOR ALL! MAY 30TH DAY OF ACTION RALLY

**Saturday, from 2pm to 4pm:
Renaissance Plaza (corner of Main St & Mamaroneck Av),
White Plains**

Single-Payer Healthcare, also known as Medicare for All, proposed in Congress as H.R. 676, would save lives and create jobs. It would guarantee health care for all Americans with coverage that allows you to choose your own doctor, and never lose benefits, even if you move or lose your job. By removing the burden of health insurance costs from business, and the risk of people bankrupted by medical bills, it is the single greatest economic stimulus plan Congress could enact.

**Single Payer: An American
Dream for Everyone**

All Invited!
